

Program

The Bennington Public Schools Foundation school-age child care program, All Star Kids, is a self-supporting project offered in each elementary school building in the Bennington School District. All net proceeds from the All Star Kids program are earmarked for the Foundation's benevolent programs within the Bennington Public Schools, including classroom grants and student scholarships. All Star Kids provides quality, reliable child care with the convenience of an in-school location at a competitive child care price.

Each All Star Kids site location exceeds the Nebraska Department of Health and Human Services standards for Child Care Centers as well as meeting inspection requirements from the Fire Marshal and County Health Department. The program attends to educational and nutritional needs of each child by providing breakfast and afternoon snacks as well as large muscle activities, supplemented with fine motor skill activities such as arts and crafts and table games. All Star Kids also provides children with opportunities to complete school assignments, read, have free choice time, and participate in outdoor play. The All Star Kids management team and personnel are dedicated to providing a fun, safe, and enriching childcare experience for each family enrolled in the All Star Kids program.

Convenient, in-school location!

Optional care offered on most non-school days!

Staff members receive various in-service training opportunities including CPR and First Aid certification!

All snacks, field trips, activities, and supplies are included in your tuition!
